The Marco Bicego essential

MARCO BICEGO

---

*The signature look within this collection is the play of contrast between colorful shades of white, yellow and rose 18 karat gold with the purity of white and black diamonds.*

---

*Newness for the collection takes the form of rolo chains  
and tiny crisp units of GOA coils, united with curved,  
custom designed bars of diamond settings.*

---

*Tiny, delicate bracelets and necklaces are designed to collect and layer with one another and create a distinctly modern edge to the timeless Goa collection.*

---

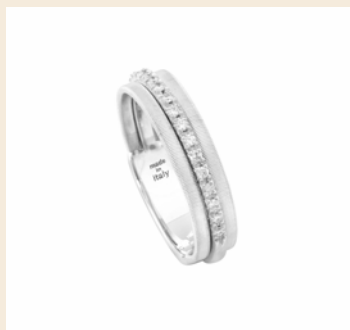

*New earrings are minute and precious,  
adding a prêt-à-porter spirit to the  
assortment.*
